

Maria Carambo

1) Do Now: (5 min):

- List 5-7 things that the land /nature provided for Indigenous people.

2) (15 min) Practice concept map: As a class we will complete a concept map / mind map / idea map on **food** as a practice and to set expectations

3) (15 min) Students will complete a graded idea map on their own on the concept of **"The Land"** that answers the following two questions: What did land provide for Indigenous Americans and what does the land provide for me?

4) (15 min) Freewrite reflection: On the back of their concept maps, students will answer the following prompt:

- **What is your relationship to the land and what is your responsibility to continue to protect it?**
